

UNIT-1 (DIAGRAMS)

1. CLASSICAL WATERFALL MODEL

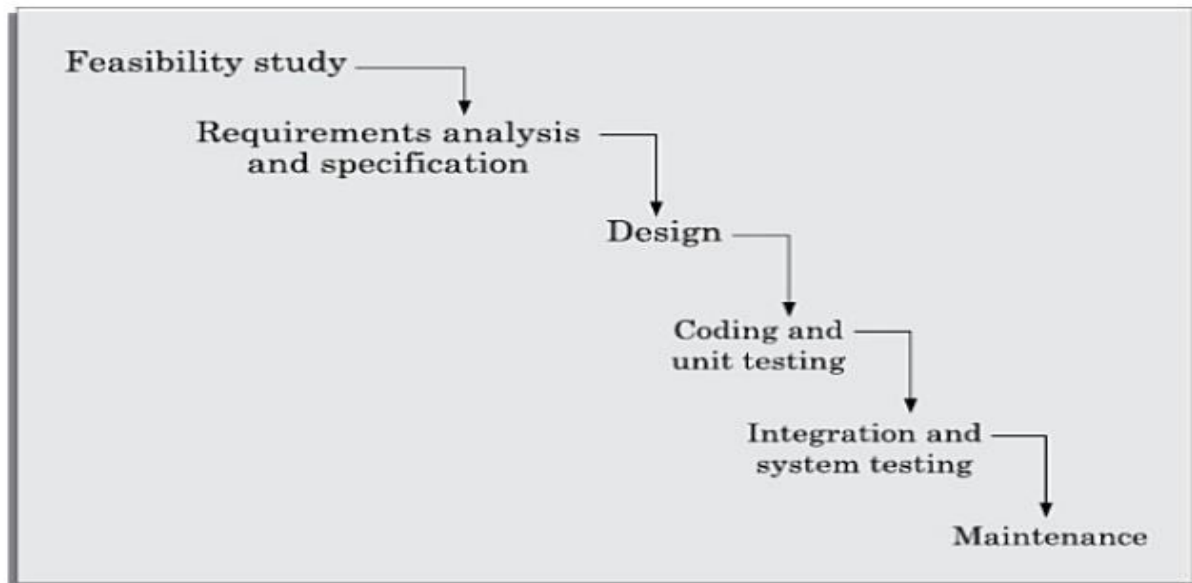

Figure 2.1: Classical waterfall model.

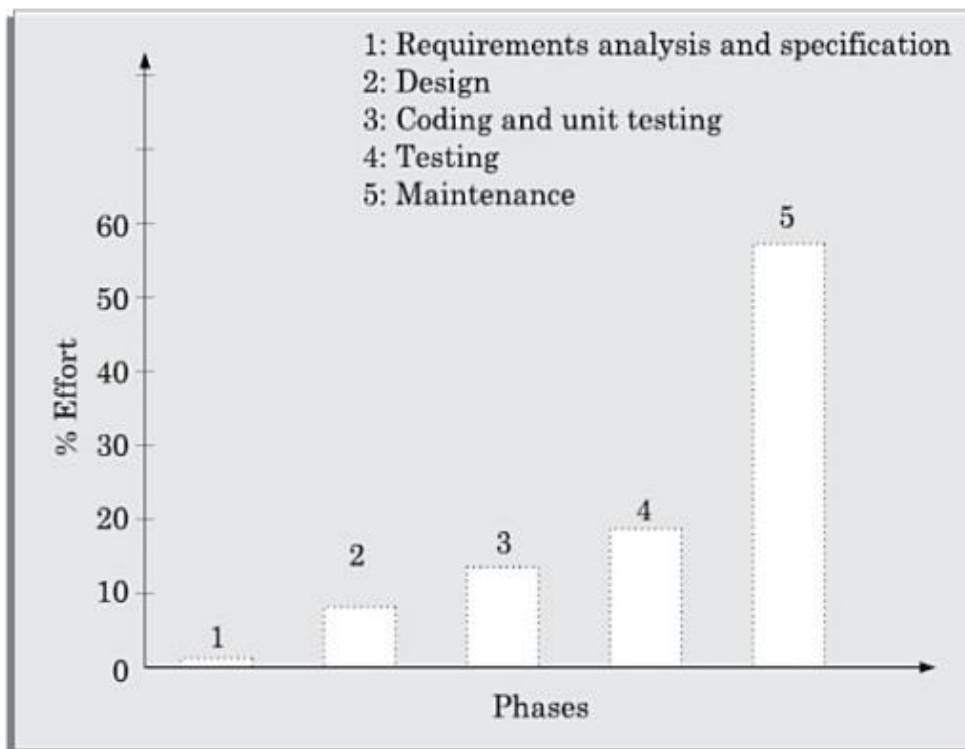

Figure 2.2: Relative effort distribution among different phases of a typical product.

2. ITERATIVE WATERFALL MODEL

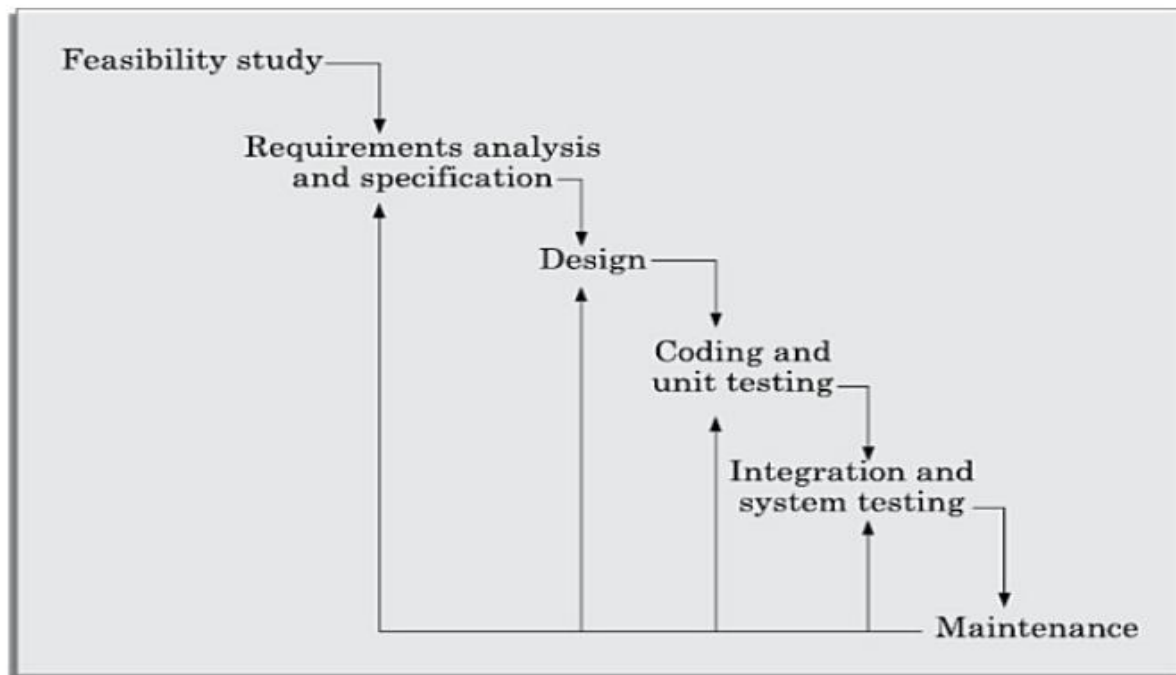

Figure 2.3: Iterative waterfall model.

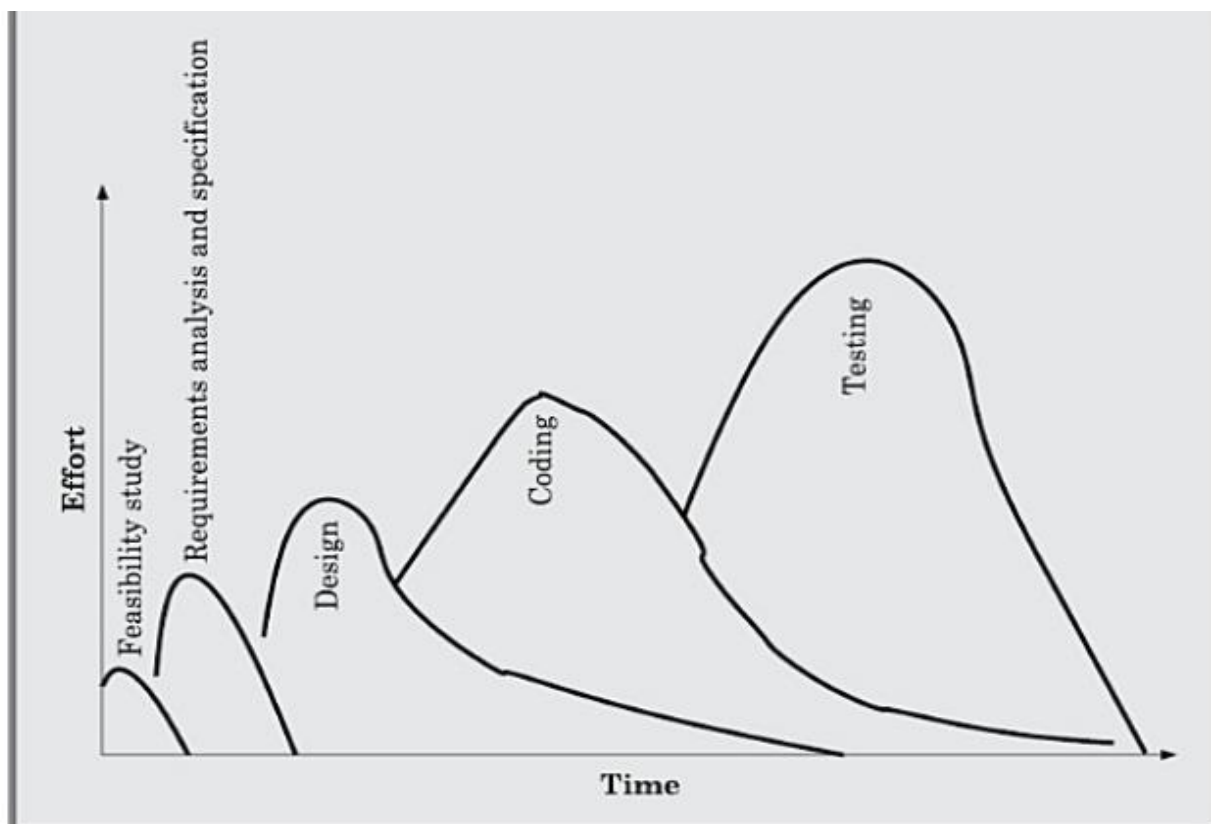

Figure 2.4: Distribution of effort for various phases in the iterative waterfall model.

3. PROTOTYPING MODEL

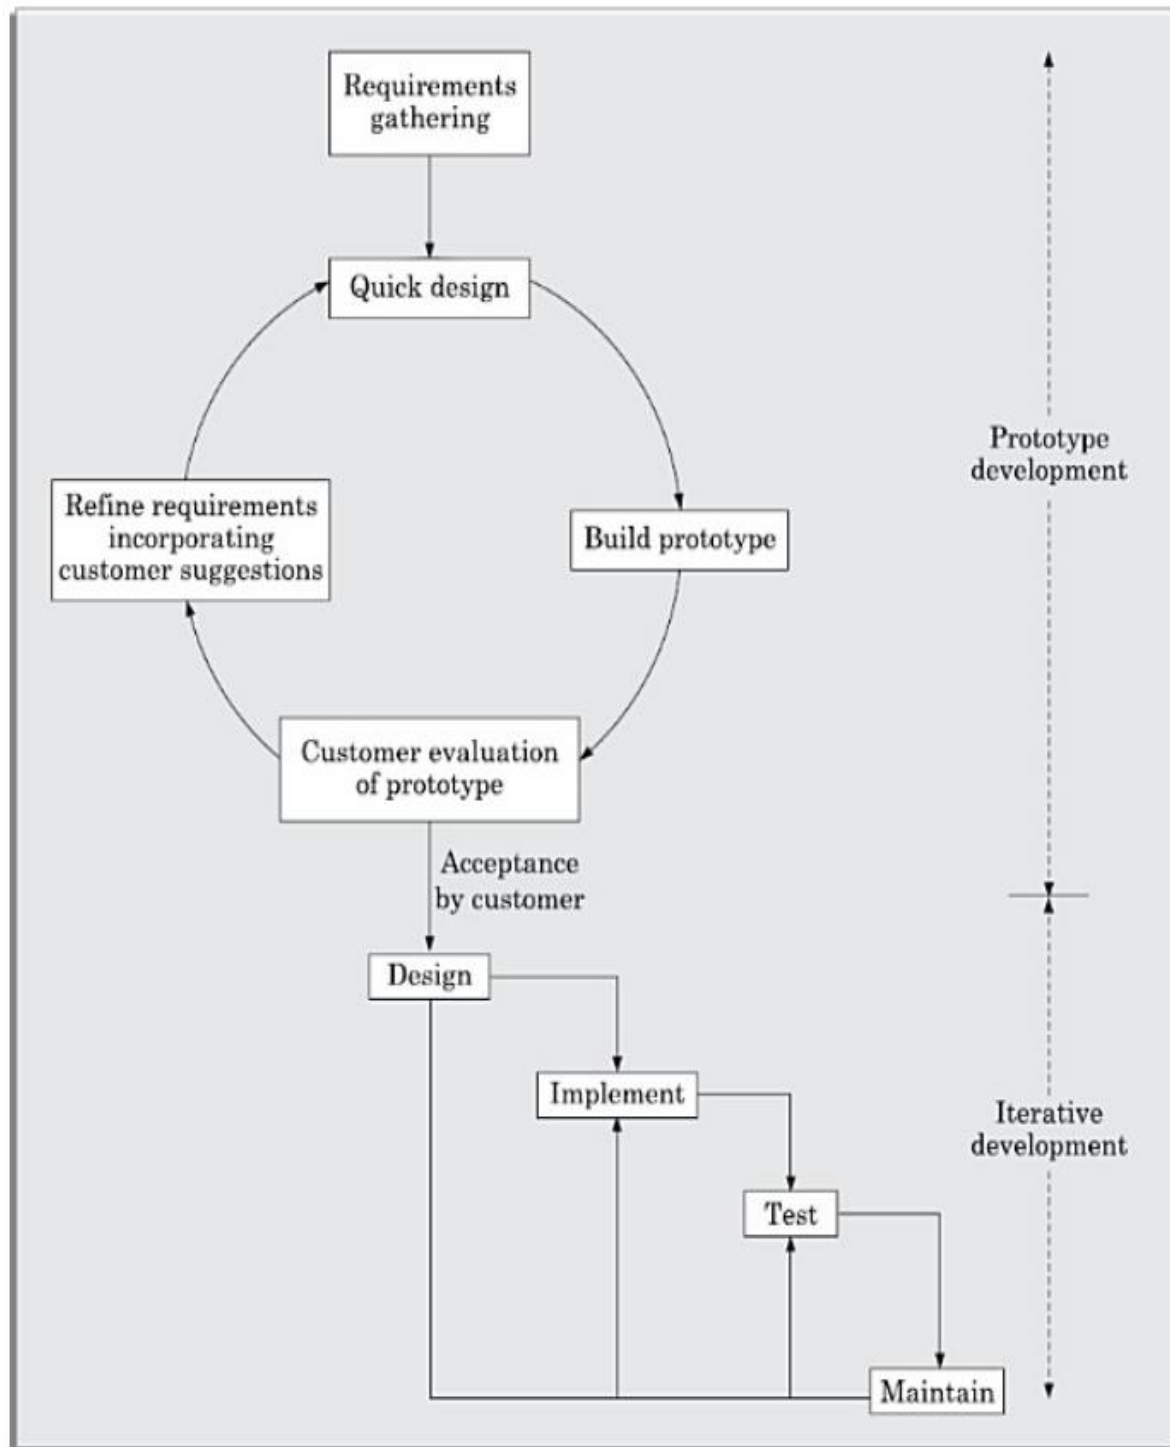

Figure 2.6: Prototyping model of software development.

4. EVOLUTIONARY MODEL

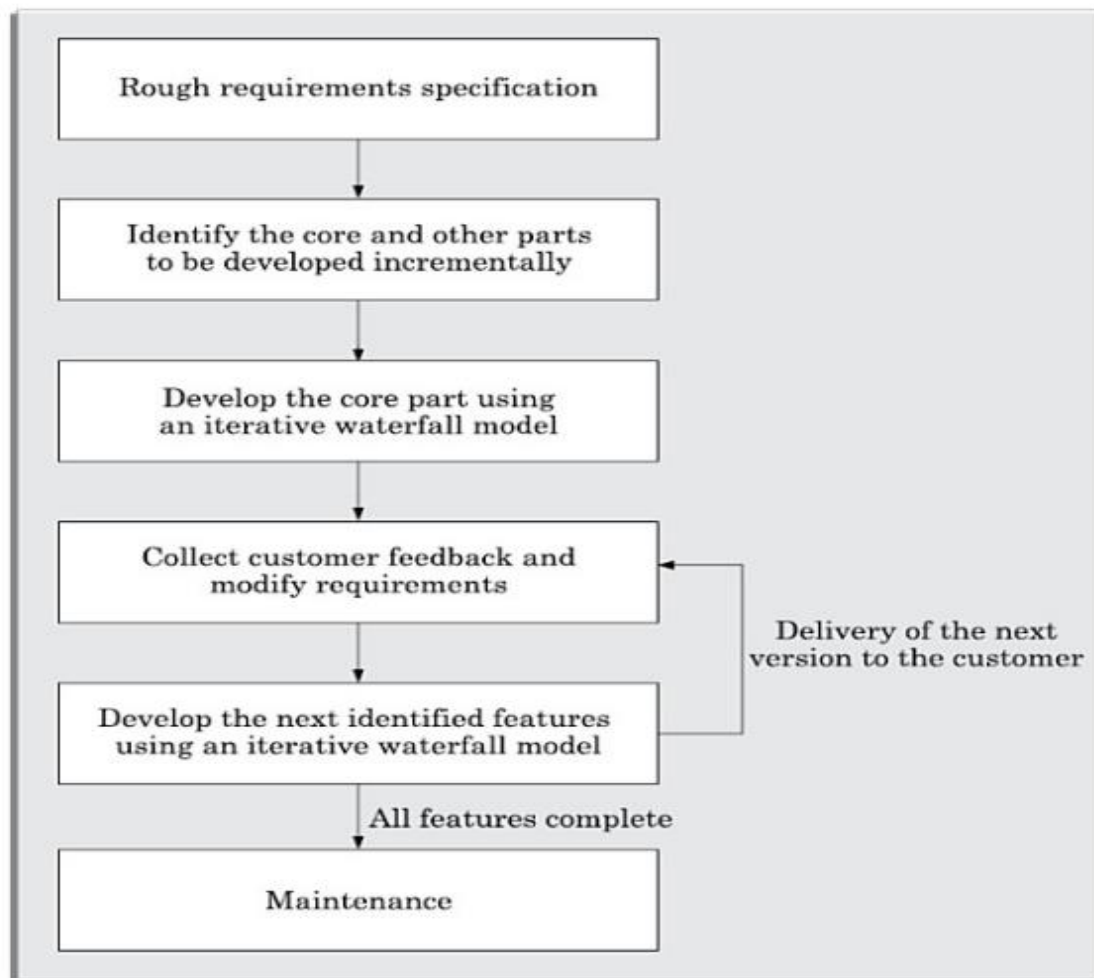

Figure 2.9: Evolutionary model of software development.

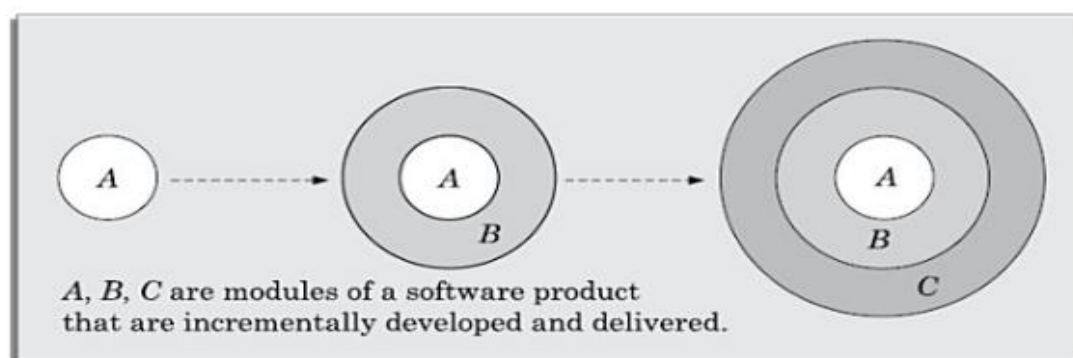

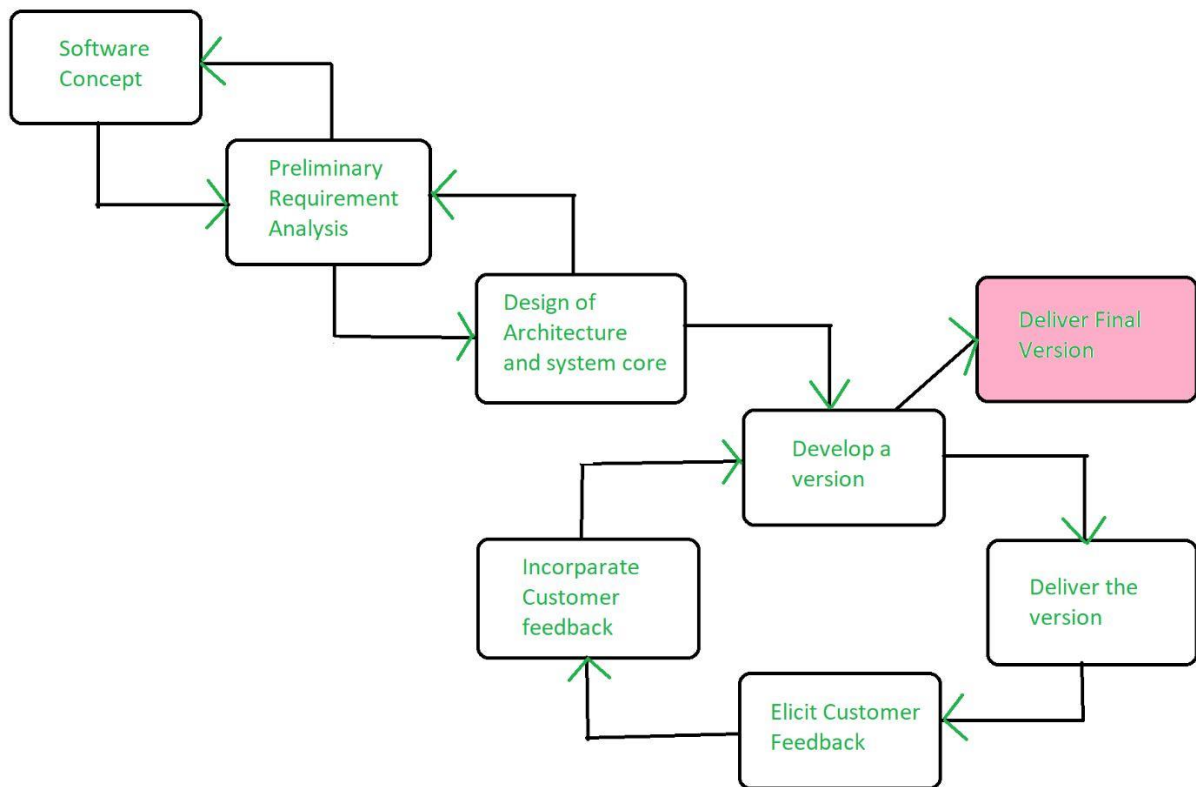

Figure 2.7: Incremental software development.

5. SPIRAL MODEL

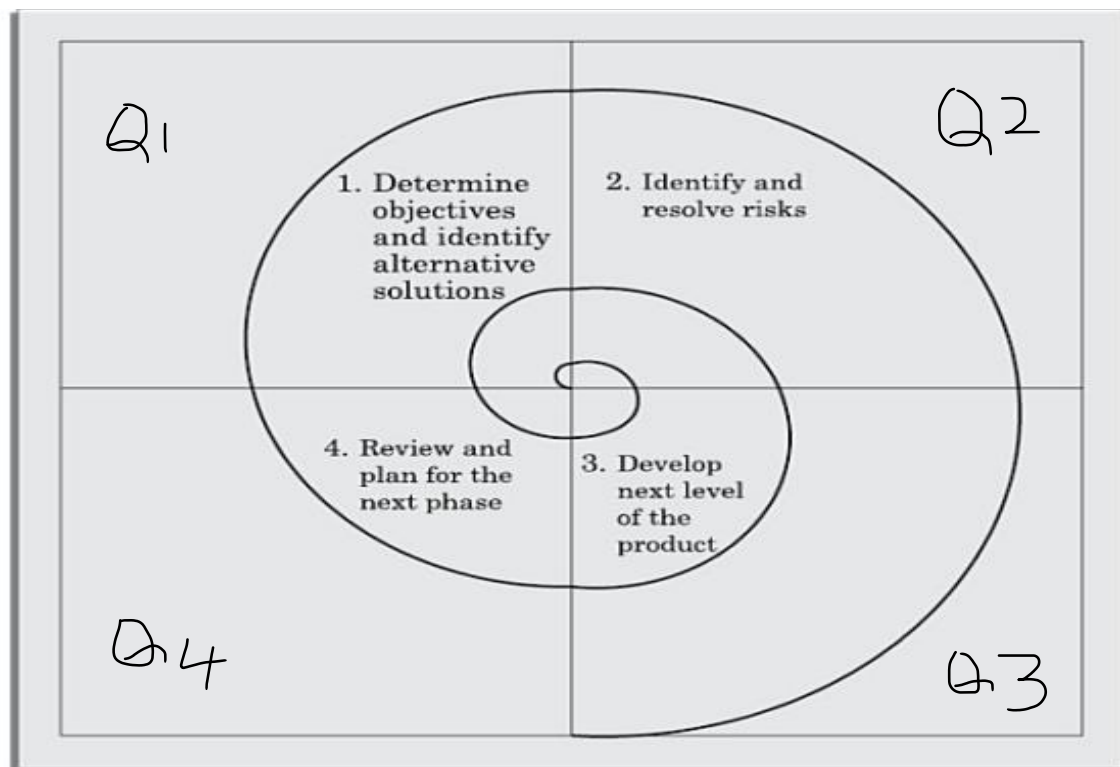

Figure 2.10: Spiral model of software development.
