MINI PROJECT

HOSPITAL MANAGEMENT SYSTEM

AIM:

To design and develop a windows form application for Hospital Management system using Vb.Net.

DESCRIPTION:

A Windows-based Hospital Management System developed using VB.NET is a comprehensive application that offers various functionalities essential for efficient hospital administration. This application aims to streamline hospital operations, improve patient care, and enhance administrative efficiency by providing a user-friendly interface for managing various aspects of a healthcare facility.

REQUIREMENT ANALYSIS:

OPERATING SYSTEM : Windows 9, 10 and 11.

FRONT END : Microsoft Visual Basic 2022

BACK END : Ms-Access 2003/07

HARDWARE REQUIREMENTS:-

PROCESSOR : RAM INTEL PENTIUM 4 (OR) HIGHER

RAM : 512 MB & ABOVE

PRINTER : INK JET PRINTER

HARD DISK DRIVE : 500 MB FREE SPACE OR ABOVE

PROCEDURE:

Step 1: Select Microsoft Visual Basic 2022.

Step 2: Choose File → New Project → Windows Form Application. Save the project as Test.

Step 3: Creating new forms by choosing File → New File → Windows Form.

Step 4: Designing each and every form by placing the necessary labels, text box, buttons, drop down box, and grid views.

Step 5: Creating a new database connection as follows

Step 6: Choose Database Explorer and Right click on the Database connection then select Add new connection. Add connection window is appearing on the screen.

Step 7: Choose Data source as Microsoft SQL Server Database File (SqlClient), enter the database name and press ok. Then press the Test connection button to check the connection.

Step 8: In database to create tables such as registers, records and results.

Step 9: Establish a sql connection by using a namespace SqlClient.

Step 10: Build the application and run it.

DATA FLOW DIAGRAM (DFD):

INPATIENT ADMISSION:

The screenshot displays a web-based form titled "Inpatient Admission" with a blue header and a light blue body. The form is divided into several sections for data entry. At the top left, there is a small icon of a stethoscope. The form fields are organized as follows:

- INPATIENT** (Section Header)
- MRD NUMBER**: Text input field.
- NAME**: Text input field.
- GENDER**: Dropdown menu.
- D.O.B**: Text input field.
- AGE**: Text input field.
- DATE**: Text input field.
- REFERRAL**: Text input field.
- CONCESSION**: Text input field.
- ADDRESS**: Large text area for address input.
- DISTRICT**: Text input field.
- STATE**: Text input field.

OUTPATIENT ADMISSION:

The image shows a screenshot of a web application window titled "Vinayagam Hospitals". The main heading "Vinayagam Hospitals" is in a stylized red font. Below the heading is a form titled "OUTPATIENT ADMISSION". The form contains several input fields: "MRNO" (text), "NAME" (text), "GENDER" (dropdown), "DOB" (dropdown), "AGE" (text), "DATE" (dropdown), "REFERRAL" (text), "CONCERN" (text), "ADDRESS" (a large text area), "DISTRICT" (text), and "STATE" (text). The form is set against a light blue background with a dark blue border.

Inpatient Records Search:

The screenshot shows a window titled 'iptrecord'. At the top, there is a search bar containing the text 'Arul Benjamin Chandru' and a 'Search' button. Below the search bar is a table with the following columns: 'idno', 'name', 'age', 'addr', 'dob', 'gender', 'state', 'district', and 'concession'. The first row of data shows '6866', 'Arul Benjamin Ch...', '21', '184, Samathana ...', '5/23/1989', 'Male', 'Tamilnadu', 'Madurai', and '200'. Below the table, there is a large grey rectangular area.

	idno	name	age	addr	dob	gender	state	district	concession
	6866	Arul Benjamin Ch...	21	184, Samathana ...	5/23/1989	Male	Tamilnadu	Madurai	200
▶▶									

Outpatient Admission:

The screenshot shows a window titled 'out_patient' for 'Vinayagam Hospitals'. It contains an 'OUT PATIENT' form with the following fields: 'HNO' (5), 'NAME' (Bala), 'GENDER' (Male), 'D.O.B' (25-Apr-1989), 'AGE' (21), 'DATE' (02-Apr-2010), 'REFERRAL' (Dr. Rajendran), 'CONCESSION' (50), 'ADDRESS' (Thiruvengadam Main Road, Thiruvengadam), 'DISTRICT' (Tamilnadu), and 'STATE' (Madurai). A 'Hospital Managem...' dialog box is open in the center, displaying 'Record Inserted' and an 'OK' button.
