

Mini Project Report Format for Computer Science and Engineering

FORMAT DETAILS:

- **Font:** Times New Roman
 - **Font Size:** 12 (Headings in 14, Bold)
 - **Spacing:** 1.5 line spacing
 - **Alignment:** Justified
 - **Margins:** 1 inch on all sides
 - **Page Numbers:** Bottom-right
-

Cover Page

1. **Project Title** (Bold, Capitalized, Centered)
 2. **Submitted By** (Your Name, Roll Number)
 3. **Under the Guidance of** (Mentor/Professor's Name)
 4. **Department Name** (Computer Science & Engineering)
 5. **Institution Name**
 6. **Month & Year of Submission**
-

Certificate Page (*Issued by the Institution/Guide*)

- Certifying that the project was carried out by the student(s).
 - Signed by the Guide, HOD, and Principal.
-

Acknowledgment (*1 Page*)

- Thanking the Guide, Professors, and Institution.
-

Abstract (**Max 250 words**)

- Brief **summary** of the project.
 - Include **objective, methodology, and results**.
-

Table of Contents

- List of chapters and subtopics with page numbers.
-

Main Report Sections

Introduction

- Overview of the project.
 - **Problem statement** and motivation.
 - **Scope & objectives** of the project.
-

Literature Survey / Background Study

- **Existing solutions** or previous research.
 - **Limitations** and why your project is needed.
 - Reference to related papers, books, or websites.
-

System Analysis & Design

3.1 Requirements Specification

- **Hardware Requirements**
- **Software Requirements**

3.2 System Architecture

- **Block Diagram / Flowchart / UML Diagram**
 - Explanation of **functional components**
-

Implementation

- **Programming Language & Tools Used**
 - **Modules & Functions** explained
 - **Database Structure (if applicable)**
-

Results & Testing

- **Screenshots** of output (if applicable)
 - **Test Cases** and results
 - Performance analysis
-

Conclusion & Future Scope

- Summary of project achievements.
 - **Limitations & possible improvements.**
-

References

- IEEE format (for books, papers, websites).
-

Appendix (Optional)

- Additional codes, diagrams, datasets, etc.
-

Notes:

-  Keep the report **professional & structured**.
-  Use **diagrams, charts, and tables** where necessary.
-  Avoid plagiarism; cite sources properly.
