

Unit – V

Part A - 2 Mark Questions

1. What is the importance of learning phonetics? (April 17)

2. Define speech process.

Speaking is a professional process by which people using audible and visible symbols, communicate meaning in the minds of their listeners. It is flexible, changing as well as complex and varied. Whether it is an informal conversation or a very formal business meeting, the functional of oral communication is

- (i) Creating messages
- (ii) To Stimulate the listener's
- (iii) To bring about the desired change in the listeners mind.

3. Nature and Importance of oral presentation. (Nov 17)

Oral presentations are purposeful, interactive, formal and audience oriented.

Purposeful: the presentation will be made with a definite purpose.

Interactive: it involves both the speaker as well as the listener.

Formal: it is formal situation.

Audience oriented: the topic will have to be dealt from the listener's perspective

4. Conversation and oral skills. (April 16)

Conversation links people together as it is probably the most important factor that makes social interaction possible. It establishes, maintains, improve and consolidates social as well as professional relations.

Conversation skills include the ability to start a conversation. Choose a topic for a conversation, help others to start, keep a conversation going on, move from one topic to another, and conclude a conversation naturally.

5. Types of conversation.

There are two types of conversation, formal and informal.

Formal conversation may include making inquiries, exchanging information at public offices, shopping, business transaction, professional situation and other official work.

Informal conversation on the other hand includes greetings, simple social exchanges and general enquiries during social interactions and everyday situations.

6. How to improving fluency and self-expression?

Fluency is the natural flow of words without any unnecessary pauses and repetition. This natural flow of words or smoothness of expression can come from the ability to compose and speak meaningful utterances by using appropriate vocabulary and grammar skills. In order to improve self-expression and achieve the desired clarity and fluency: Articulation, pronunciation, voice quality, accent and intonation need to be improved.

7. Define Group Discussion. (Nov 16)

Group discussion is a systematic and purposeful interactive oral process. The literal meaning of the word "discuss" is "to talk about a subject in detail". It is a systematic oral exchange or information, views and opinions of a topic, issue, problem or situation among members of a group who share certain common objectives. The participants are seated face to face and each participant gets an opportunity to express his/her views and comment on the views expressed by other members of the group. The goals or objectives are decided before a discussion takes place.

8. What are the basics of Phonetics? (April 18)

In order to speak correct English, one should have some idea of English phonetics. Phonetics, is the study of the sound system of the language. There are 26 letters in English language, but the language has 44 speech sounds. There is duality of spelling and pronunciation in English: different letters may represent the same sound while the same letters could represent different sounds.

9. Write the description on consonant and vowel sounds.

A Consonant sound is produced with the stoppage of air, the voice or breath in consonant is partially hindered by the tongue, teeth, lips or other organs of articulation.

Unlike a consonant sound a vowel sound is unobstructed in articulation by the tongue, teeth or lips. A vowel sound is produced without the stoppage of air. There are 24 consonant sounds and 20 vowel sounds in English. Vowels are classified into short vowels 7 and long vowels 5, diphthongs 8. The diphthongs are combination of two short vowels.

10. What is an extempore or improving speaking?

Extempore is on the spot declaration or announcement of the title of the speech. It needs ability and creativity to succeed in an extempore.

11. What is role play? (Nov 17)

It means acting out a part. The pupil may take the roles of a shopkeeper, a booking clerk, a doctor etc. the teacher should prepare the matter for role playing and tell the people to use appropriate language suitable to the roles.
